

A prayer update from Bob and Karen Depue

November 2022

We are so thankful to the Lord for His grace and mercy towards us each day! We are especially grateful for God's gift of fellowship with other brethren. Last month we had the privilege of having our area leader and his wife in our home for several days. It was such a blessing to be able to share our heart's concerns with them. God is so Good!

Having guests with us was a special occasion, so we planned a typical Argentine meal with the people who meet with us regularly for Bible studies. While the men sat around the grill, the ladies gathered in the kitchen and the children played in the patio. We all enjoyed the fellowship and delicious food. One of the believers invited Raul, a young man in his early twenties, to join us. He told us how he had completely lost his eyesight about fifteen years ago due to an accidental head injury. Raul has had some exposure to the gospel in the past, but he needs clear Bible teaching. He is presently attending our Bible study group on weekends and listens intently. God is so Good!

We praise the Lord for opening doors to reach men in Goya. This need has been on our hearts for several years. Recently we met Jorge and Eric, friends who both suffered horrendous childhoods due to witchcraft practiced in each of their homes.

Just hearing their stories made us so thankful for our godly parents who raised us to love the Lord. The reality of the spiritual darkness around us can be overwhelming. Please pray for Jorge and Eric who have heard something of the gospel as adults and seem genuinely interested in studying the Bible with us. God is so Good!

We have saved the best news for last. This past Saturday the Lord blessed us with a new grandson, Micah Lee! Pray for our daughter Becky and her husband Brad as they raise their six little ones for the Lord. God is so Good!

Thankful for God's Goodness, Bob and Karen
